

Transforming Education Knowledge Hub

Summit September 2022

The Transforming Education Summit was convened, in September 2022, in response to a global crisis in education – one of equity and inclusion, quality and relevance. Often slow and unseen, this crisis is having a devastating impact on the futures of children and youth worldwide. The Summit provided a unique opportunity to elevate education to the top of the global political agenda and to mobilize action, ambition, solidarity and solutions to recover pandemic-related learning losses and sow the seeds to transform education in a rapidly changing world.

Among many in-depth reports and consultations, two outputs of the Summit, involving significant dialogue and research, are:

- [The Youth Declaration](#)
- [The UN Secretary General's vision statement](#)

The [SDG 4 High-Level Steering Committee, chaired by UNESCO and Sierra Leone](#), will play a key role in the Summit's follow-up. It will ensure local, regional and global cooperation, align education partners' actions and support policy, monitoring and financing with the Global Education Monitoring report and UNESCO's Institute for Statistics.
